- Remember that the Church started, I count that it was me and the number of members of my family of 6 peoples, and now we have Churches members of :741, Men:102, Women:296, Youth:125; Boys:39, Girls:86 , Children:146, New Disciples baptized: 72, this is the statistics of 2021-2022,we can assure that, the number of Church members increased until now.

3. The Challenges that we have in the Ministry

Regarding the well-being of our Christians, the Church needs funds to support the survivors of the Genocide against the Tutsis in 1994 in partic-

ular, and helping in reconciliation with the perpetrators of Genocide who finished their Sentences with the survivors of Genocide.

The ECCR church also needs support to help the poor Christians, find them places to live, and provide them with clean water. The ECCR Church also needs capacity to help indigenous people or Marginalized People.

There is also a task to reunite those who committed the Genocide against the Tutsis in 1994 and those who survived the Genocide against the Tutsis in 1994, through the good news of Christ and help them in their daily lives for the purpose of unity and reconciliation in the church.

We want to build houses for the homeless survivors of the 1994 Genocide against the Tutsis, and to find them small jobs that will improve their lives, even for the Marginalized people.

The ECCR church also has a project to help its Christians through mushroom farming, this will help them get out of poverty and fight malnutrition.

The church also wants to continue taking care of the well being of the poor Christians in the church through the good news of Jesus Christ, but we also need funds to provide them medical care, and small projects so that they can develop themselves their social economic life and pay for them the school fees of their children.

- It is also desired to have the ability to take care of the well being of our pastors, and to build houses for them to live in, and to get them trainings on the Bible.
- In order to improve the quality of education and health care in

7. ECCR/JALI, 29/01/2023

general, the Church also wants to build schools and health centre.

- The ECCR Church also needs support to establish Radio and Television that will help the church to spread the Good news of Jesus Christ all over the world.
- We would like to buy an international Covenant mountain Prayer to worship God in Rwanda, the reason is that the church members need to go to pray on the mountains, and the Word of God requires us to seek refuge with Him.
- A car which will help the ECCR Reader and Moderator in his daily activities, is highly needed.

On behalf of the ECCR Committee I am representing in Rwanda, we thank you.
